

Topics: Creating Barnsheets

- Go to My Account > Herd Mgmt > Recording > Barnsheet
- Select the animals you wish to ultrasound from the provided list
- Click Create
- A link will show up that says “Download Barnsheet PDF” – click this link

NOTES & TIPS:

- Only animals that are between 250 and 450 days of age w/no ultrasound data on file will appear on your list that you can select from. (Ultrasound needs to be taken on animals 300–450 days of age)
- If you are doing an ultrasound scan on an animal that is not registered, hand write the full tattoo of the animal at the bottom of your barnsheet.
- If an animal is registered and does not show up on your selection list, contact the office and staff can print you a barnsheet specifically for the missing animal.
