Howdy Juniors,

The second semester in Aggieland is in full swing for me and I’ve been busy with classes along with getting to travel to New Orleans and Fort Worth to represent each of you. I sure enjoyed getting to work the Fort Worth Medal of Excellence Limousin show and see familiar faces and meet new ones. A big congratulations to our winners along with all exhibitors who worked hard and represented our breed so well. Right before Fort Worth, I had the opportunity to attend the NCBA conference, as your NALJA President, and serve you by promoting our great breed.

In my last letter I talked to you about leadership and the influence and impact you can make being a leader. Leadership is one of the core values emphasized at Texas A&M along with excellence, integrity, loyalty, respect, and selfless service. So, as we go through the spring stock show season, I want to talk about another one of these core Aggie values: respect.

By definition; respect means to demonstrate “high regard” for or special attention to something or someone. It can also be described as a positive feeling or action shown towards someone or something considered important. However, I would like to make it a little simpler and put it in context of our world today, whether in the show ring or just life in general. Respect is being kind to others and appreciating the work effort and time that it takes to complete a task. It is a positive action towards someone or something considered important and it conveys a sense of admiration and honor. It means choosing to treat others the same way you would like to be treated.

We do not all have to agree on everything, and often we disagree on various issues, results and ideas. However, to me it’s simple, respect your neighbor, your elders, your teachers, your friends, and your competition. Be kind to everyone. Respect the decisions that a judge makes, the rule that is put in place, the vote that won an election, or the different opinion expressed. Respect those who led the path before you and those that are willing to follow that path even when it doesn’t conform to yours. Accept people for who they are and give them the same consideration as those you love.

So as we wrap up spring stock shows and begin to prepare for “A League of Their Own” in Springfield, Missouri, remember to be a leader and respect your fellow breeders, competitors, friends, teachers, elders, and neighbors! We all live in this great country together and have so much to be thankful for. I’m thankful to serve as your NALJA President and cannot wait to see each of you down the road!

2019 NJLSC Rule Changes

Scores will no longer be calculated for teams in the Judging Contest at NJLSC. Sweepstakes points will continue to be given to the top participants. State Sweepstakes points will continue to be given to the highest placing contestant from each state as listed in the State Sweepstakes Rules.

Photos no longer need to be mounted on foam board. NALJA will provide protective sleeves for all photos. Photo Contest participants will just need to bring an 8x10 photo to NJLSC check-in and NALJA board members will place it in the protective sleeve.

There will now be pre-determined spots for the Team Fitting contest. A mandatory meeting will be held 30 minutes before the contest to discuss rules, announcement of team spots, etc. Only 1 blower will be allowed per team, no double blowers allowed.

Judges will be selecting the Top 5 Females in both the Owned Lim-Flex Female Show and the Owned Limousin Female Show. Judges will be selecting a Top 3 in Divisions during the Owned Shows with the 3rd place female serving as an alternate. The Top 3 Females from each class will have the opportunity to compete for Top 3 Division. The 3rd place female will be pulled into the Championship line up only if both the 1st and 2nd place females in the class/division have been selected for the Top 5.

Judges will be selecting Top 3 in the Bred and Owned Female shows and Bred and Owned Bull Shows.

Junior and open cattle will stall separately unless a reason to stall otherwise is submitted in writing and approved. Request must be sent in with entry form by late entry deadline.

What is a Lim-Flex®?

Limousin are the ideal complement to British-based cattle. With Lim-Flex® hybrids, there are genetic options to fit every need, from fullblood and purebred Limousin to Lim-Flex hybrids. Breeders can offer a just-right shot of Limousin to meet the needs of any crossbreeding program.

Lim-Flex stands for Limousin with muscle and efficiency, along with flexibility — the most significant strength of this powerful genetic blend:

- Flexible seedstock for simple, easily managed crossbreeding;
- Flexible market progeny that consistently hit dressing percent, yield and quality grade targets;
- Flexible females adapted for efficiency across a wide range of environments.

FLEX stands for Limousin Efficiency Cross — the beef industry’s answer to profitable system-wide production of case ready products. NALF’s UltraMate Xbreeding System outlines how to use Limousin and Lim-Flex seedstock on different types of commercial cows to hit end-product and maternal targets.

Registered Lim-Flex are backed by documented pedigrees, EPDs, and genomic data provided by the North American Limousin Foundation.

Dr. Jim Gosey, beef specialist emeritus at the University of Nebraska, states, “A carefully constructed British x Continental can come a lot closer to hitting most of the targets for reproduction, production, and end-product than any straightbred I’m aware of.”

Progressive cow-calf producers recognize the value of hybrid vigor: 20% more pounds of calf weaned per cow exposed; 1.3 years of additional cow longevity; 30% greater lifetime production; and increased fertility. The Limousin and Lim-Flex UltraMate Crossbreeding System makes crossbreeding easy to produce calves that excel in any market and replacement females that have longevity and productivity.

1. Sponsor and Eligibility

The North American Limousin Junior Association (NALJA) sponsors the regional and national junior shows, and they are open to all NALJA members. Members must be 5 as of January 1, 2019. No one who was 22 years or older on Jan. 1, 2019, is eligible to show. NALJA members must be in good standing to enter the regional and national junior shows. That is, they must be current with their junior activity fees (NALJA dues), and their North American Limousin Foundation (NALF) accounts cannot be more than 120 days past due. Anyone who wishes to participate in a regional or national Limousin junior show must be a NALJA member when submitting entries.

2. Animal Qualifications

A) Females: Females with 75 percent or greater Limousin blood and orange NALF registration papers born from Sept. 1, 2017, to January 31, 2017 will be eligible to compete in the Limousin female show. Females registered as Lim-Flex™ having purple NALF registration papers are eligible for the Lim-Flex Female show.
B) Bulls: All bulls entered must be bred-and-owned by the junior exhibitor. Bulls with 75 percent or greater Limousin blood and orange NALF registration certificates born from Jan. 1, 2018 to January 31, 2019, will be eligible to compete in the bred and-owned Limousin bull show. Bulls registered as Lim-Flex having purple NALF registration born from Jan. 1, 2018 to January 31, 2019, will be eligible to compete in the bred-and-owned Lim-Flex bull show.

C) Cow/Calf Pairs: A cow born on or before August 31, 2017, with a natural calf at side is eligible to show in the Cow/Calf Division. The cow’s NALF percent Limousin will determine in which show the pair is eligible to compete. Cows with 75 percent or greater Limousin blood and orange registration papers will show in the Limousin cow/calf show. Cows registered as Lim-Flex (that is, having purple registration papers) will show in the Lim-Flex cow/calf show. Calves on the side of cows must be born after November 1, 2018. Calves are eligible to show in the heifer show if they are born prior to January 31, 2019. Bulls must be bred and owned to be eligible to show as individuals.

D) Steers: All steers that qualify for registration with the North American Limousin Foundation as a percentage, purebred or Lim-Flex® will be eligible for the steer show. All percentages will show together and be split into the progress and prospect divisions based on weight. Exhibitors must present registration certificates at check-in. Show officials will check the steers’ tattoos to ensure they are legible and match the registration papers. Exhibitors may not enter a bull in the bull show then castrate him for the steer show.

The term “animal” used throughout these rules refers to bulls, steers and females alike.

It is the exhibitors’ responsibility to ensure their animals qualify for the shows they enter. NALJA will not give refunds for unqualified animals entered in any show.

3. Entries

Junior exhibitors must register their animals in their own names, with certificates showing an ownership date on or before May 15, 2019. Exhibitors must submit entries to the NALF office on official entry forms, bearing official postmarks of or completed online no later than May 1, 2019, to qualify for the $80 per head entry fee. Entries postmarked or entered online after May 1, 2019, are subject to an entry fee of $125 per head. Entry fees include the price of bedding. NALJA will accept late entries ONLY through the online entry system on or before May 15, 2019. NALJA will not accept any entries postmarked after that date.

NALJA will not refund any entry fees. Exhibitors must pay their junior activity fees (NALJA dues) before they may enter the national or regional Limousin junior shows. Any and all entries or changes must be made in writing before the late entry deadline for all entries and contests.

To ensure NALF can process all registrations and transfers in time for animals to enter the NJLSC, juniors should submit registration and transfer requests to the NALF office no later than April 20, 2019. That is particularly important for transfers. A letter should accompany those applications for registration or transfer stating they are for the NJLSC. NALF is not responsible for misinformation on any entries. It is the exhibitor’s responsibility to complete the entry form correctly.

4. Possession

Exhibitors must maintain full possession and personally care for and assist in preparation of their show entries from the ownership deadline (May 15, 2019) through the NJLSC (7 p.m., Friday, July 5, 2019).

Any female transferred – within one year of the show in which the animal competes – from the junior exhibitor’s name to the breeder or owner who transferred the animal to the junior exhibitor before the show will relinquish any accumulated and further Medal of Excellence (MOE) points.

5. Entry Limit

There is no limit on how many animals an exhibitor may enter and show.

6. Classes/Divisions

Show officials will determine classes after check-in. They will make every effort to ensure no class contains more than 15 head or has an age spread of more than 60 days. All classes will line up according to age from youngest to oldest in the show arena.

Divisions in the owned Limousin and Lim-Flex female shows will be broken as follows.

Division I: November 1, 2018− January 31, 2019
Division II: September 1 – October 31, 2018
Division III: May 1 –August 31, 2018
Division IV: March 1 – April 30, 2018
Division V: January 1 – February 28, 2018
Division VI: September 1 – December 31, 2017
Bred and Owned Female and Bred and Owned Bull shows will have three divisions that will be determined once animals are checked in. There are no divisions in the cow/calf show.

Steer classes and divisions will be split by weight. The steer show will include prospect and progress divisions. Prospect steers are those weighing less than 900 pounds at check-in, while steers weighing more than 900 pounds will be in the progress division. All Progress Steers will be automatically entered into the Virtual Carcass Contest; entrants may opt out of the contest. NALJA will release exhibitors showing only steers immediately following the steer show.

At the NJLSC, there will be a class for the best pair of females owned and exhibited by one junior member. Both females must show in the regular show. In the NJLSC “best state group” class, each state junior association will select three females (each exhibited by a different junior) to represent it; and that class will count toward sweepstakes points.

NJLSC judges will be selecting the Top 5 Females in both the Owned Lim-Flex Female Show and the Owned Limousin Female Show. Judges will be selecting a Top 3 in Divisions during the Owned Shows with the 3rd place female serving as an alternate. The Top 3 Females from each class will have the opportunity to compete for Top 3 Division. The 3rd place female will be pulled into the Championship line up only if both the 1st and 2nd place females in the class/division have been selected for the Top 5.

NJLSC judges will be selecting the Top 3 Females in the Bred & Owned Lim-Flex Female Show, Bred & Owned Limousin Female Show, Bred & Owned Lim-Flex Bull Show, and the Bred & Owned Limousin Bull Show.

7. Bred and Owned

To show in the bred-and-owned show, the animal’s tattoo must include the junior exhibitor’s herd prefix (i.e. the junior must be the animal’s first owner); and the animal’s dam must have been registered to the junior exhibitor at the time the dam was bred to produce the animal. Embryo-transfer (ET) calves are eligible for the bred-and-owned show; however, the donor female must have been registered to the junior exhibitor at the time she was flushed to produce the animal.

The family’s prefix in the animal’s tattoo or family ownership of the dam at breeding does not qualify for the bred-and-owned show. No animals from partnership or lease agreement cows qualify.

NALJA automatically enters eligible animals from the owned-female show in the bred-and-owned show.

Juniors may sell no more than 50 percent ownership of a bred-and-owned bull and still be eligible to compete with him in the bred-and-owned bull show. The exhibitor must keep full possession of that bull until the regional and national shows conclude. All other bred-and-owned rules apply.

Juniors exhibiting bred and owned females must maintain full possession of that female from date of birth until the regional and national shows conclude.

8. Fitting

To maintain a high degree of confidence in Limousin junior shows, NALJA reserves the right to disqualify any animal for unethical fitting, which shall include the following:

- Any use of paints, colored show foam, graphite, colored powders or other substances that may be subject to disqualification. All animals are subject to a “white towel” test from check-in to release. NALJA reserves the right to collect hair samples from any animal at any show.
- The addition of any hair or hairlike substances, including false tail heads and false polls. (NALJA allows false tail switches).
- The cutting, tearing or gluing of the hide or underneath the hide or removal of tissue in an attempt to alter the animal’s shape.
- The injection of any gas, solid or liquid under the hide to alter the animal’s conformation.
- Any attempts to disrupt or change the animal’s normal dental development.
- Any products, such as steroids or growth stimulants, administered internally or externally to alter the animal’s conformation.
- Any stomach pumping without authorization from a licensed veterinarian.
- Protests against exhibitors, individual animals or fitting violations must be submitted in writing, signed by five (5) active members of NALF and presented to the show superintendent within 12 hours of the show’s completion.

9. Substitute Showmen

All junior exhibitors are required to show their own animals. In the case of sickness or injury after arrival at the show, exhibitors (who must be present at the show) may select another junior exhibitor to show their animals. The NALF director of junior activities and the
14 | NALJA News Summer 2019

Show Rules

president of the NALJA Board of Directors must approve substitute showmen before they enter the showring.

Exhibitors with more than one animal in a class may have another NALJA member(s) show the additional animal(s) without approval.

10. Check-In

All cattle entered in the NJLSC must be in the stalls by 8 a.m., Sunday, June 30, 2019. **Show officials will check tattoos and health papers at that time in the designated check-in area. They will disqualify animals with illegible or incorrect tattoos.** Once an animal has been through check-in and disqualified due to an illegible or a wrong tattoo, that animal may not go through check-in again with a new or fresh tattoo. Show officials will weigh steers and bulls and measure scrotal circumferences at check-in. Have your animal’s papers stamped with a “tattoo verified” stamp at your regional show to speed up in the check-in process.

11. Stalling

Show officials will assign stalls to exhibitors at the NJLSC according to their current addresses on file at NALF. Animals entered solely in the All-American Futurity must stall with the open cattle. Failure to stall in assigned spaces from 8 a.m., June 30, 2019 through 2 p.m., Friday, July 5, 2019, will result in a forfeiture of all premiums and show awards and elimination from the state herdsmanship competition.

Exhibitors must obtain permission for early releases or stalling deviations by submitting written requests and providing proof of need to the NALF office prior to the late entry deadline.

NALJA only allows the stall cards provided at the show in the junior aisles. NALJA prohibits farm signs and aisle fans.

12. Entry Numbers

All exhibitors must clearly display their entry numbers while they are in the makeup area and showing.

13. Disposition

To ensure safety, animals with unruly dispositions will not show. The judge or show officials may dismiss exhibitors with unruly animals from the show. NALJA will enforce the rule that after three incidents where the exhibitor loses control of an animal, it will automatically be excused from the ring.

14. Health Requirements

Health certificates must comply with local rules and regulations for cattle. No animals with hereditary un-soundness may show.

15. Misrepresentation

Any person found misrepresenting the NALJA rules and regulations will forfeit all premiums and show awards and may be subject to disqualification.

16. Substitute Animals

NALJA does not allow substitutions for any animals.

17. Agreement of Responsibility and Liability

Participants must maintain full control, custody, care and feeding of the animals and personal property that they bring on or about the premises of the national and regional junior Limousin shows. Participants clearly understand and agree that NALJA – along with NALF and its officials, officers, directors, employees and agents – shall not be responsible for any damage, loss or injury to any person or property that is caused directly or indirectly for any reason at those shows. The exhibitors, owners, their agents and representatives agree to indemnify NALJA and NALF and hold the organizations harmless for all damages, injuries, losses, expenses or liabilities they might incur at those shows, including any that may result from NALJA or NALF enforcing its rules and regulations. By entering the national or regional junior Limousin shows, the participants and their parents or guardians agree to the terms described in this section and agree to comply with all the rules and regulations governing those shows.

Be sure to talk to your state advisor, a NALJA Board member, a member of the NALF staff or a Limi Boosters officer about taking advantage of the many opportunities available to NALJA members:

- NALJA Board of Directors • NALJA Awards of Excellence Scholarship • Leonard & Vi Wulf Scholarship • Limi Boosters Junior Association Grants • Donna Etherton Limi Boosters Scholarship

All applications are due May 15. Applications are available in the Juniors section at www.nalf.org.

Don’t forget to bring your state basket or donation for the Limi Boosters Silent Auction!
The purpose of NALJA is to develop knowledgeable, motivated beef industry leaders, while promoting the Limousin breed through fellowship, leadership and education.

The initial cost of a junior membership is $50. This fee activates the Junior membership for the current year and the following calendar year. After this time, Junior members pay a $25/year activity fee to qualify for active member rates and to show at NALF and NALJA sponsored events.
