### **Hello Juniors,**

How are you? Hopefully, all is well and that you are enjoying school, extracurricular activities, and those new or old show calves you have around the barn. It is jackpot season here in the Midwest and I know y'all in Texas are excited to be able to take part in your annual spring majors this year, as well as those in Oklahoma preparing for OYE. Before you know it, school will be out, regionals will be upon us, and

hopefully you will be headed to Grand Island to take part in the 2021 "American Showdown" NJLSC. Here in Ames the weather has started to warm up and I can finally see the grass. While I'm sure more snow is inevitable here in Iowa, I plan on taking full advantage of the nice weather.

In roughly two months I will be finishing my bachelor's degree in Animal sScience here at Iowa State and not long after that will be participating in my last NJLSC as an exhibitor. It is crazy to think that this part of my life is coming to a close, it seems like yesterday my family was pulling into Des Moines after driving all night for our first Junior Nationals in 2012. However, nine years later I am extremely thankful for all the experiences the Limousin breed has presented for me. Moreover, the connections I have made in this industry will help me daily as I embarked on finding a career and making a living.

A couple years ago Dr. Dan Hoge said, "You're never done. Your roles just change."

This is a quote that resonates with me currently. Once May rolls around, over the last four years my roles have changed in many ways. From high school to college, a kid to an adult, student to employee. I have gone from a prospective livestock judge to completing my collegiate judging career at the infamous NAILE in November of 2020. And what you all are most familiar with I have gone from one of you to now serving as the NALJA Board President. As a junior, each and every one of you are just as important to the breed as myself or any of my fellow board members. However, we just get to partake in the fun of fundraising, decision making, and putting on the junior nationals, along with some other exciting activities! Awesome things, right? Just a few reasons those old enough should consider running for the board!

But enough about how my roles have changed. I challenge each of you whether this is your first year exhibiting cattle or your last like mine. Whether you are an officer for your FFA chapter, team captain, drum major, etc., whatever role you may find yourself in, be the best you can be. Strive each day to make your team or organization the best it can be. As Lou Holtz once said, "If what you did yesterday seems big, you haven't done anything today." Every role will bring forth challenges but rewards, hopefully. Learn from the mistakes and build from the success, so that when July roles around and we are all gathered in Grand Island for the "American Showdown" our roles as Limousin breeders, enthusiasts, exhibitors, juniors,

parents, and more can shine bright. If that happens, I know us on the board will do everything we can to make the show the best it can be, if you all do the same, the end result will cumulate to be extraordinary.

I cannot wait to see you all at one of the regionals or in Nebraska for the 2021 NJLSC. It will be a true American Showdown and I could not be more excited. In the current times, a celebration of awesome cattle, people and our country will be exhilarating. Until then, take that role and run with it! #MakingNALJAGreat

# National Junior Limousin Show and Congress/Regional Show Rules and Regulations

## 1. Sponsor and Eligibility

The North American Limousin Junior Association (NALJA) sponsors the regional and national junior shows, and they are open to all NALJA members. Members must be 5 as of January 1, 2021. No one who was 22 years or older on January 1, 2021, is eligible to show. NALJA members must be in good standing to enter the regional and national junior shows. That is, they must be current with their junior activity fees (NALJA dues), and their North American Limousin Foundation (NALF) accounts cannot be more than 120 days past due. Anyone who wishes to participate in a regional or national Limousin junior show must be a NALJA member when submitting entries.

## 2. Animal Qualifications

**A) Females:** Females with 75 percent or greater Limousin blood and orange NALF registration papers born from Sept. 1, 2019, to January 31, 2021 will be eligible to compete in the Limousin female show. Females registered as Lim-Flex® having purple NALF registration papers are eligible for the Lim-Flex Female show.

**B) Bulls:** All bulls entered must be bred-and-owned by the junior exhibitor. Bulls with 75 percent or greater Limousin blood and orange NALF registration certificates born from January 1, 2020 to January 31, 2021, will be eligible to compete in the bred and-owned Limousin bull show. Bulls registered as Lim-Flex having purple NALF registration born from January 1, 2020 to January 31, 2021, will be eligible to compete in the bred-and-owned Lim-Flex bull show. Bulls older than one (1) year must show with a nose lead.

**C) Cow/Calf Pairs:** A cow born on or before August 31, 2019, with a natural calf at side is eligible to show in the Cow/Calf Division. The cow's NALF percent Limousin will determine in which show the pair is eligible to compete. Cows with 75 percent or greater Limousin blood and orange registration papers will show in the Limousin cow/calf show. Cows registered as Lim-Flex (that is, having purple registration papers) will show in the Lim-Flex cow/calf show.

Calves on the side of cows must be born after November 1, 2020. Calves are eligible to show in the heifer show if they are born prior to January 31, 2021. Bulls must be bred and owned to be eligible to show as individuals.

**D) Steers:** All steers that qualify for registration with the North American Limousin Foundation as a percentage, purebred or Lim-Flex® will be eligible for the steer show. All percentages will show together and be split into the progress and prospect divisions based on weight. Exhibitors must present registration certificates at check-in. Show officials will check the steers' tattoos to ensure they are legible and match the registration papers. Exhibitors may not enter a bull in the bull show then castrate him for the steer show.

Show officials will check the steers' tattoos to ensure they are legible and match the registration papers. Exhibitors may not enter a bull in the bull show then castrate him for the steer show.

The term "animal" used throughout these rules refers to bulls, steers and females alike.

**It is the exhibitors' responsibility to ensure the exhibitor and their animals qualify for the shows they enter. NALJA will not give refunds for unqualified exhibitors or animals entered in any show.**

## 3. Entries

Junior exhibitors must register their animals in their own names, with certificates showing an ownership date on or before May 15, 2021.

Exhibitors must submit entries to the NALF office on official entry forms, bearing official postmarks of or completed online no later than May 1, 2021, to qualify for the \$80 per head entry fee. Entries postmarked or entered online after May 1, 2021, are subject to an entry fee of \$125 per head. Entry fees include the price of bedding. NALJA will accept late entries ONLY through the online entry system on or before May 15, 2021. NALJA will not accept any entries postmarked after that date.

NALJA will not refund any entry fees. Exhibitors must pay their junior activity fees (NALJA dues) before they may enter the national or regional Limousin junior shows. Any and all entries or changes must be made in writing before the late entry deadline for all entries and contests.

To ensure NALF can process all registrations and transfers in time for animals to enter the NJLSC, juniors should submit registration and transfer requests to the NALF office no later than April 20, 2021. That is particularly important for transfers. A letter should accompany those applications for registration or transfer stating they are for the NJLSC. NALF is not responsible for misinformation on any entries. It is the exhibitor's responsibility to complete the entry form correctly.

#### 4. Possession

Exhibitors must maintain full possession and personally care for and assist in preparation of their show entries from the ownership deadline (May 15, 2021) through the NJLSC (7 p.m., Thursday, July 8, 2021).

Any female transferred – within one year of the show in which the animal competes – from the junior exhibitor's name to the breeder or owner who transferred the animal to the junior exhibitor before the show will relinquish any accumulated and further Medal of Excellence (MOE) points.

#### 5. Entry Limit

There is no limit on how many animals an exhibitor may enter and show.

#### 6. Classes/Divisions

Show officials will determine classes after check-in. They will make every effort to ensure no class contains more than 15 head or has an age spread of more than 60 days. All classes will line up according to age from youngest to oldest in the show arena.

Divisions in the owned Limousin and Lim-Flex female shows will be broken as follows.

Division I: November 1, 2020 - January 31, 2021  
 Division II: September 1 – October 31, 2020  
 Division III: May 1 – August 31, 2020  
 Division IV: March 1 – April 30, 2020  
 Division V: January 1 – February 28, 2020  
 Division VI: September 1 – December 31, 2019

Bred and Owned Female and Bred and Owned Bull shows will have three divisions that will be determined once animals are checked in. There are no divisions in the cow/calf show.

Steer classes and divisions will be split by weight. The steer show will include prospect and progress divisions. Prospect steers are those weighing less than 900 pounds at check-in, while steers weighing more than 900 pounds will be in the progress division. All Progress Steers will be automatically entered into the Virtual Carcass Contest; entrants may opt out of the contest. NALJA will release exhibitors showing only steers immediately following the steer show.

At the NJLSC, there will be a class for the best pair of females owned and exhibited by one junior member. Both females must show in the regular show. In the NJLSC "best state group" class, each

state junior association will select three females (each exhibited by a different junior) to represent it; and that class will count toward sweepstakes points.

NJLSC judges will be selecting the Top 5 Females in both the Owned Lim-Flex Female Show and the Owned Limousin Female Show. Judges will be selecting a Top 3 in Divisions during the Owned Shows with the 3rd place female serving as an alternate. The Top 3 Females from each class will have the opportunity to compete for Top 3 Division. The 3rd place female will be pulled into the Championship line up only if both the 1st and 2nd place females in the class/division have been selected for the Top 5.

NJLSC judges will be selecting the Top 3 Females in the Bred & Owned Lim-Flex Female Show, Bred & Owned Limousin Female Show, Bred & Owned Lim-Flex Bull Show, and the Bred & Owned Limousin Bull Show.

#### 7. Bred and Owned

To show in the bred-and-owned show, the animal's tattoo must include the junior exhibitor's herd prefix (i.e. the junior must be the animal's first owner); and the animal's dam must have been registered to the junior exhibitor at the time the dam was bred to produce the animal. Embryo-transfer (ET) calves are eligible for the bred-and-owned show; however, the donor female must have been registered to the junior exhibitor at the time she was flushed to produce the animal.

The family's prefix in the animal's tattoo or family ownership of the dam at breeding does not qualify for the bred-and-owned show. No animals from partnership or lease agreement cows qualify. NALJA automatically enters eligible animals from the owned-female show in the bred-and-owned show.

Juniors may sell no more than 50 percent ownership of a bred-and-owned bull and still be eligible to compete with him in the bred-and-owned bull show. The exhibitor must keep full possession of that bull until the regional and national shows conclude. All other bred-and-owned rules apply.

Juniors exhibiting bred and owned females must maintain full possession of that female from date of birth until the regional and national shows conclude.

#### 8. Fitting

To maintain a high degree of confidence in Limousin junior shows, NALJA reserves the right to disqualify any animal for unethical fitting, which shall include the following:

- Any use of paints, colored show foam, graphite, colored powders or other substances that may be subject to disqualification. All animals are subject to a “white towel” test from check-in to release. NALJA reserves the right to collect hair samples from any animal at any show.
- The addition of any hair or hairlike substances, including false tail heads and false polls. (NALJA allows false tail switches).
- The cutting, tearing or gluing of the hide or underneath the hide or removal of tissue in an attempt to alter the animal's shape.
- The injection of any gas, solid or liquid under the hide to alter the animal's conformation.
- Any attempts to disrupt or change the animal's normal dental development.
- Any products, such as steroids or growth stimulants, administered internally or externally to alter the animal's conformation.
- Any stomach pumping without authorization from a licensed veterinarian.
- Protests against exhibitors, individual animals or fitting violations must be submitted in writing, signed by five (5) active members of the NALF and presented to the show superintendent within 12 hours of the show's completion.

## 9. Substitute Showmen

All junior exhibitors are required to show their own animals. In the case of sickness or injury after arrival at the show, exhibitors (who must be present at the show) may select another junior exhibitor to show their animals. The NALF director of junior activities and the president of the NALJA Board of Directors must approve substitute showmen before they enter the showing.

Exhibitors with more than one animal in a class may have another NALJA member(s) show the additional animal(s) without approval.

## 10. Check-In

All cattle entered in the NJLSC must be in the stalls by 8 a.m., Sunday, July 4, 2021. **Show officials will check tattoos and health papers at that time in the designated check-in area. They will disqualify animals with illegible or incorrect tattoos.** Once an animal has been through check-in and disqualified due to an illegible or a wrong tattoo, that animal may not go through check-in again with a new or fresh tattoo. Show officials will weigh steers and bulls and measure scrotal circumferences at check-in. Have your animal's papers stamped with a “tattoo verified” stamp at your regional show to speed up in the check-in process.

## 11. Stalling

Show officials will assign stalls to exhibitors at the NJLSC according to their current addresses on file at NALF. Animals entered solely in the Failure to stall in assigned spaces from 8 a.m. July 4, 2021 through the end of the Owned show Thursday, July 8, 2021, will result in a forfeiture of all premiums and show awards and elimination from the state herdsman'ship competition.

Exhibitors must obtain permission for early releases or stalling deviations by submitting written requests and providing proof of need to the NALF office prior to the late entry deadline.

NALJA only allows the stall cards provided at the show in the junior aisles. NALJA prohibits farm signs and aisle fans.

## 12. Entry Numbers

All exhibitors must clearly display their entry numbers while they are in the makeup area and showing.

## 13. Disposition

To ensure safety, animals with unruly dispositions will not show. The judge or show officials may dismiss exhibitors with unruly animals from the show. NALJA will enforce the rule that after three incidents where the exhibitor loses control of an animal, it will automatically be excused from the ring.

## 14. Health Requirements

Health certificates must comply with local rules and regulations for cattle. No animals with hereditary unsoundness may show.

## 15. Misrepresentation

Any person found misrepresenting the NALJA rules and regulations will forfeit all premiums and show awards and maybe subject to disqualification.

## 16. Substitute Animals

NALJA does not allow substitutions for any animals

## 17. Agreement of Responsibility & Liability

Participants must maintain full control, custody, care and feeding of the animals and personal property that they bring on or about the premises of the national and regional junior Limousin shows. Participants clearly understand and agree that NALJA – along with NALF and its officials, officers, directors, employees and agents –

shall not be responsible for any damage, loss or injury to any person or property that is caused directly or indirectly for any reason at those shows. The exhibitors, owners, their agents and representatives agree to indemnify NALJA and NALF and hold the organizations harmless for all damages, injuries, losses, expenses or liabilities they might incur at those shows, including any that may result from NALJA or NALF enforcing its rules and regulations. By entering the national or regional junior Limousin shows, the participants and their parents or guardians agree to the terms described in this section and agree to comply with all the rules and regulations governing those shows.

## Quiz Bowl

**A) Time:** Preliminaries - Monday, July 5, 4:00 p.m.  
Finals - Tuesday, July 6, 5:00 p.m.

**B) Divisions:** Junior (13 and under), Senior (14 and over)

**C) Registration:** A team consists of three or four individuals. Teams are registered by their state advisors at 12:00 pm Sunday, July 4.

### D) Rules:

1. The quiz bowl will be a single elimination tournament, with the first-round pairings and byes drawn at random. Questions will cover the beef cattle industry in general and the Limousin breed specifically.
2. Each preliminary round will include 5 toss-up

questions, each worth 10 points. Any contestant on either team may answer a toss-up question. But the contestant first must press the buzzer and gain recognition from the quizmaster. The final round will include 10 toss-up questions, each worth 10 points.

3. The quizmaster reads a toss-up question until the question is completed or a contestant buzzes in.

4. If a contestant buzzes in while the quizmaster is reading, the quizmaster stops immediately, and the contestant must begin an answer within five seconds. (Contestants should remember some toss-up questions will have more than one part so buzzing in early can hurt the team's score).

5. If the first responding contestant's answer is correct, that team receives 10 points and gets a chance at a bonus question. On the bonus question, the teammates may confer for 10 seconds before the team captain gives the quizmaster their answer. Each bonus question is worth 10 points.

6. If the first responding contestant's answer is incorrect, the quizmaster will repeat the toss-up question for the other team. An individual on the other team must buzz in before answering the question. The other team cannot confer on the toss-up question.

7. If neither team answers a toss-up question correctly, the quizmaster goes to the next toss-up question.

8. After the 5th toss-up question, a team will get a 25-point bonus if all four team members answered a question correctly during that round.

9. The top two teams in each division after the preliminary round will advance to the finals on Tuesday, July 6, at 5 p.m.

## Showmanship Contest

5. Immediately following the selection of Novice showman, a mandatory meeting will be held with the Top 10 Senior Finalists to discuss rules and answer questions. Seniors will have 30 minutes to fit their own animals, which will be wet down before the contest, at the discretion of show officials. After fitting the animals, the contestants will show them.

6. Individuals who have won a division are no longer eligible to compete in that division. Past novice, junior and intermediate showmanship winners must advance to an older division.

**C) Rules:**

1. The tri-fold display must be 36 inches tall, have a 24 inch center and 12 inch flaps on each side.

  - a) General neatness and tidiness each exhibitor's area within each state's area.
  - b) How well the state maintains its alley.
  - c) How well all exhibitors from a state maintain their cattle.
  - d) Creativity of aisle theme and décor.

## Team Fitting

**A) Time:** Tuesday, July 6 at 2 p.m.

**B) Registration:** Teams are registered by their state advisors at 1:00 pm Sunday, July 4.

**C) Rules:**

1. All contestants must be members of both NALJA and the state association they are representing. If a contestant is not exhibiting cattle or entered in individual sweepstakes, they must pay a \$10 team participation fee. Fee due by State Advisor meeting, Sunday, July 4 at 1 p.m.
2. Teams will consist of four members with a least one member from each of the junior, intermediate and senior divisions as described in the Individual Sweepstakes Points. NALJA will allow all states to have more than one team as long as they follow the team member age division rule. If a state does not have enough members to make a team, it may form a team with another state's members if that state does not have a team in the contest already.
3. NALJA will allow substitutions among teams members as follows.
  - a) A junior team member may substitute for an inter-

mediate or senior team member.

b) An intermediate team member may substitute for a senior team member.

c) Seniors may not substitute for another age division.

7. A contest official will spray each animal with water before the contest begins.

8. Each team will get 30 minutes to fit its animal. If the number of entries warrants it, there may be two heats so the judges have enough time to evaluate all of the teams thoroughly and fairly. In the case, they will select one

overall winner from both heats.

9. When time has expired, one team member will parade the animal before the judges.

10. After the judging, the judges will make comments and announce the winner.
