

National Junior Limousin Show & Congress/Regional Shows Rules & Regulations

Show Rules

1. Sponsor and Eligibility.

The North American Limousin Junior Association (NALJA) sponsors the regional and national junior shows, and they are open to all NALJA members. Members must be 5 as of January 1, 2021. No one who was 22 years or older on January 1, 2021, is eligible to show. NALJA members must be in good standing to enter the regional and national junior shows. That is, they must be current with their junior activity fees (NALJA dues), and their North American Limousin Foundation (NALF) accounts cannot be more than 120 days past due. Anyone who wishes to participate in a regional or national Limousin junior show must be a NALJA member when submitting entries.

2. Animal Qualifications.

A) Females: Females with 75 percent or greater Limousin blood and orange NALF registration papers born from Sept. 1, 2019, to January 31, 2021 will be eligible to compete in the Limousin female show. Females registered as Lim-Flex® having purple NALF registration papers are eligible for the Lim-Flex Female show.

B) Bulls: All bulls entered must be bred-and-owned by the junior exhibitor. Bulls with 75 percent or greater Limousin blood and orange NALF registration certificates born from January 1, 2020 to January 31, 2021, will be eligible to compete in the bred and-owned Limousin bull show. Bulls registered as Lim-Flex having purple NALF registration born from January 1, 2020 to January 31, 2021, will be eligible to compete in the bred-and-owned Lim-Flex bull show. Bulls older than one (1) year must show with a nose lead.

C) Cow/Calf Pairs: A cow born on or before August 31, 2019, with a natural calf at side is eligible to show in the Cow/Calf Division. The cow's NALF percent Limousin will determine in which show the pair is eligible to compete. Cows with 75 percent or greater Limousin blood and orange registration papers will show in the Limousin cow/calf show. Cows registered as Lim-Flex (that is, having purple registration papers) will show in the Lim-Flex cow/calf show.

Calves on the side of cows must be born after November 1, 2020. Calves are eligible to show in the heifer show if they are born prior to January 31, 2021. Bulls must be bred and owned to be eligible to show as individuals.

D) Steers: All steers that qualify for registration with the North American Limousin Foundation as a percentage, purebred or Lim-Flex® will be eligible for the steer show. All percentages will show together and be split into the progress and prospect divisions based on weight. Exhibitors must present registration certificates at check-in. Show officials will check the steers' tattoos to ensure they are legible and match the registration papers. Exhibitors may not enter a bull in the bull show then castrate him for the steer show.

The term “animal” used throughout these rules refers to bulls, steers and females alike.

It is the exhibitors’ responsibility to ensure the exhibitor and their animals qualify for the shows they enter. NALJA will not give refunds for unqualified exhibitors or animals entered in any show.

3. Entries.

Junior exhibitors must register their animals in their own names, with certificates showing an ownership date on or before May 15, 2021.

Exhibitors must submit entries to the NALF office on official entry forms, bearing official postmarks of or completed online no later than May 1, 2021, to qualify for the \$80 per head entry fee. Entries postmarked or entered online after May 1, 2021, are subject to an entry fee of \$125 per head. Entry fees include the price of bedding. NALJA will accept late entries ONLY through the online entry system on or before May 15, 2021. NALJA will not accept any entries postmarked after that date.

NALJA will not refund any entry fees. Exhibitors must pay their junior activity fees (NALJA dues) before they may enter the national or regional Limousin junior shows. Any and all entries or changes must be made in writing before the late entry deadline for all entries and contests.

To ensure NALF can process all registrations and transfers in time for animals to enter the NJLSC, juniors should submit registration and transfer requests to the NALF office no later than April 20, 2021. That is particularly important for transfers. A letter should accompany those applications for registration or transfer stating they are for the NJLSC. NALF is not responsible for misinformation on any entries. It is the exhibitor’s responsibility to complete the entry form correctly.

4. Possession.

Any female transferred – within one year of the show in which the animal competes – from the junior exhibitor’s name to the breeder or owner who transferred the animal to the junior exhibitor before the show will relinquish any accumulated and further Medal of Excellence (MOE) points.

5. Entry Limit.

There is no limit on how many animals an exhibitor may enter and show.

6. Classes/Divisions

Show officials will determine classes after check-in. They will make every effort to ensure no class contains more than 15 head or has an age spread of more than 60 days. All classes will line up according to age from youngest to oldest in the show arena.

Divisions in the owned Limousin and Lim-Flex female shows will be broken as follows.

Division I: November 1, 2020 - January 31, 2021

Division II: September 1 – October 31, 2020

Division III: May 1 –August 31, 2020

Division IV: March 1 – April 30, 2020

Division V: January 1 – February 28, 2020

Division VI: September 1 – December 31, 2019

Bred and Owned Female and Bred and Owned Bull shows will have three divisions that will be

determined once animals are checked in. There are no divisions in the cow/calf show.

Steer classes and divisions will be split by weight. The steer show will include prospect and progress divisions. Prospect steers are those weighing less than 900 pounds at check-in, while steers weighing more than 900 pounds will be in the progress division. All Progress Steers will be automatically entered into the Virtual Carcass Contest; entrants may opt out of the contest. NALJA will release exhibitors showing only steers immediately following the steer show.

At the NJLSC, there will be a class for the best pair of females owned and exhibited by one junior member. Both females must show in the regular show. In the NJLSC "best state group" class, each state junior association will select three females (each exhibited by a different junior) to represent it; and that class will count toward sweepstakes points.

NJLSC judges will be selecting the Top 5 Females in both the Owned Lim-Flex Female Show and the Owned Limousin Female Show. Judges will be selecting a Top 3 in Divisions during the Owned Shows with the 3rd place female serving as an alternate. The Top 3 Females from each class will have the opportunity to compete for Top 3 Division. The 3rd place female will be pulled into the Championship line up only if both the 1st and 2nd place females in the class/division have been selected for the Top 5.

NJLSC judges will be selecting the Top 3 Females in the Bred & Owned Lim-Flex Female Show, Bred & Owned Limousin Female Show, Bred & Owned Lim-Flex Bull Show, and the Bred & Owned Limousin Bull Show.

7. Bred-and-Owned.

To show in the bred-and-owned show, the animal's tattoo must include the junior exhibitor's herd prefix (i.e. the junior must be the animal's first owner); and the animal's dam must have been registered to the junior exhibitor at the time the dam was bred to produce the animal. Embryo-transfer (ET) calves are eligible for the bred-and-owned show; however, the donor female must have been registered to the junior exhibitor at the time she was flushed to produce the animal.

The family's prefix in the animal's tattoo or family ownership of the dam at breeding does not qualify for the bred-and-owned show. No animals from partnership or lease agreement cows qualify.

NALJA automatically enters eligible animals from the owned-female show in the bred-and-owned show.

Juniors may sell no more than 50 percent ownership of a bred-and-owned bull and still be eligible to compete with him in the bred-and-owned bull show. The exhibitor must keep full possession of that bull until the regional and national shows conclude. All other bred-and-owned rules apply.

Juniors exhibiting bred and owned females must maintain full possession of that female from date of birth until the regional and national shows conclude.

8. Fitting.

To maintain a high degree of confidence in Limousin junior shows, NALJA reserves the right to disqualify any animal for unethical fitting, which shall include the following:

- Any use of paints, colored show foam, graphite, colored powders or other substances that may be subject to disqualification. All animals are subject to a "white towel" test from check-in to release. NALJA reserves the right to collect hair samples from any animal at any show.

- The addition of any hair or hairlike substances, including false tail heads and false polls. (NALJA allows false tail switches.)
- The cutting, tearing or gluing of the hide or underneath the hide or removal of tissue in an attempt to alter the animal's shape.
- The injection of any gas, solid or liquid under the hide to alter the animal's conformation.
- Any attempts to disrupt or change the animal's normal dental development.
- Any products, such as steroids or growth stimulants, administered internally or externally to alter the animal's conformation.
- Any stomach pumping without authorization from a licensed veterinarian.
- Protests against exhibitors, individual animals or fitting violations must be submitted in writing, signed by five (5) active members of the NALF and presented to the show superintendent within 12 hours of the show's completion.

9. Substitute Showmen.

All junior exhibitors are required to show their own animals. In the case of sickness or injury after arrival at the show, exhibitors (who must be present at the show) may select another junior exhibitor to show their animals. The NALF director of junior activities and the president of the NALJA Board of Directors must approve substitute showmen before they enter the showing.

Exhibitors with more than one animal in a class may have another NALJA member(s) show the additional animal(s) without approval.

10. Check-In.

All cattle entered in the NJLSC must be in the stalls by 8 a.m., Sunday, July 4, 2021. **Show officials will check tattoos and health papers at that time in the designated check-in area. They will disqualify animals with illegible or incorrect tattoos.** Once an animal has been through check-in and disqualified due to an illegible or a wrong tattoo, that animal may not go through check-in again with a new or fresh tattoo. Show officials will weigh steers and bulls and measure scrotal circumferences at check-in. Have your animal's papers stamped with a "tattoo verified" stamp at your regional show to speed up in the check-in process. Hard copies of registration papers are required. **No copies will be accepted.**

11. Stalling.

Show officials will assign stalls to exhibitors at the NJLSC according to their current addresses on file at NALF. Failure to stall in assigned spaces from 8 a.m. July 3, 2021 through the end of the Owned show Thursday, July 8, 2021, will result in a forfeiture of all premiums and show awards and elimination from the state herdsman'ship competition.

Exhibitors must obtain permission for early releases or stalling deviations by submitting written requests and providing proof of need to the NALF office prior to the late entry deadline.

NALJA only allows the stall cards provided at the show in the junior aisles. NALJA prohibits farm signs and aisle fans.

12. Entry Numbers.

All exhibitors must clearly display their entry numbers while they are in the makeup area and showing.

13. Disposition.

To ensure safety, animals with unruly dispositions will not show. The judge or show officials may dismiss exhibitors with unruly animals from the show. NALJA will enforce the rule that after three

incidents where the exhibitor loses control of an animal, it will automatically be excused from the ring.

14. Health Requirements.

Health certificates must comply with local rules and regulations for cattle. No animals with hereditary unsoundness may show.

15. Misrepresentation.

Any person found misrepresenting the NALJA rules and regulations will forfeit all premiums and show awards and maybe subject to disqualification.

16. Substitute Animals.

NALJA does not allow substitutions for any animals

17. Agreement of Responsibility and Liability.

Participants must maintain full control, custody, care and feeding of the animals and personal property that they bring on or about the premises of the national and regional junior Limousin shows. Participants clearly understand and agree that NALJA – along with NALF and its officials, officers, directors, employees and agents – shall not be responsible for any damage, loss or injury to any person or property that is caused directly or indirectly for any reason at those shows. The exhibitors, owners, their agents and representatives agree to indemnify NALJA and NALF and hold the organizations harmless for all damages, injuries, losses, expenses or liabilities they might incur at those shows, including any that may result from NALJA or NALF enforcing its rules and regulations. By entering the national or regional junior Limousin shows, the participants and their parents or guardians agree to the terms described in this section and agree to comply with all the rules and regulations governing those shows.
